THE ISSUE JOINED.

The Executors of the Hewett Estate File Their Answer.

In the bill in equity brought in the interest of Laura G. Robinson, nec Hewett, by Edwin Sutherland as her next friend, Messrs. Edwin B. Hay and Rachel M. Hewett as executors of the estate of the late Robert C. Hewett have filed their answer. They deny that there has been any mismanagement of there has been any mismanagement of the estate, but on the contrary aver that, it has been managed with care, economy and absclute honesty. It is asserted that Luther E. Burket had the pure confidence and esteem of Mr. Hewett, and was for years his con-fidential and faithful secretary and friend, that he has displayed wisdom and judgment in all matters pertaining to the management of the estate.

to the management of the estate.

The answer denies that the assets of the baseball club have always been sufficient for the payment of all its in-debtedness, or that with proper care on the part of the administrators the amount due the estate could have been realized on the stock; and the executors say that they never individually or collectively had anything to do with the management of the business affairs of the class that they be stock that the stock that they are the class that the class that they are the class that th the club; that they were opposed to engaging in any speculation whatever, and refused to advance Walter F. Hewett any money to meet the demands of the club, and the latter took his own

thency to make pressing payments. Had this course not been pursued the estate would have been made liable for the obligations for which Walter P. Hewett had become personally responsible. It is dealed that Walter F. Hewett sold to other clubs certain players for \$14,000, or that R. C. Hewett deposited \$5,000 in the National League guarantee fund, or that \$850 was re-ceived for the sale of the grand stand and fence of the ball ground, but ad-mits that Walter F. Hewett received \$7,000 for the sale of the franchise of the club, and not \$20,000, as alleged. Walter F. Hewett in his separate au-

swer says that he has been informed and believes that the clause "to the effect that William A. Cook should be was inserted in the will without the knowledge of Robert C. Hewett, and that his father never mentioned to him the employment of Colonel Cook. He denies that at the time of his father's death the National Baseball Club was indebted to him in the sum of \$23,000. but there was due the estate about \$19,000 for money silvanced by the de-ceased in his life time, and two notes ner \$5,000, erlanen by by R. C. Hewett. At the time he took charge of the club its total indebtedness (including \$19,000 due the estate of R. C. Hewett) was \$43,458.84. He sold in April, 1890, the interest of the club in the National League for

Mr. Hewett also filed an exhibit, dating from September 1, 1888, to June 19, 1890, showing receipts during that period, from all sources, of \$155,517, and dishursements, \$155,508.35, leaving a balance on hand at the last-named date of \$8.65.

FARCICAL GAME IN WHICH WASHINGTON WAS DEFEATED.

A COMEDY OF ERRORS AT THE PARK

The Last Same at the New Grounds Was Like the Opening One ... At Capitol Park To-Day.

Yesterday's game between the Jersey City and Washington, the last to b played at Atlantic Park, was like th thal game played there-a defeat for Washington. Also, like the opening game, it was a see saw contest from be ginulus to end, plentifully beaprinkle with errors, good hard hitting, an abominably had umpleing. But it wa not the fault of the umpire that Wash ington lost. Kelly is perhaps the wors specimen of an umpire this city has ever seen, not excepting the amateur umpiring several weeks ago. Why when a ball struck Bader's fingers and mashed one so hadly that the blood spurted from it, this individual cailed it a foul ball. He treated both sides alike, and displayed an ignorance of the roles and a lack of judgment that would be hard to duplicate in any other man who ever essayed his difficult

The game was an interesting one, not The game was an interesting one, not-withstanding it was poorly played. The visitors jumped into the lead and had the game well in hand until the fifth inning when they went to pieces and Suilivan's men in that and the succeeding inning piled up enough runs to give them the lead. The local team held it to the last inning, and to clinch the victory Sullivan substituted Daniels for Underwood, who had been batted hard. The change proved a good one for four lanings, for the south paw twiler was very effective. In the last laning, with a lead of four rups, he became over-confident, and the Jersey boys batted his slow curves all over the field, and earned five runs and the game, much to the disgust of Mr. Daniels and his fel-low players, who had previously been congratulating themselves on a victory that seemed assured and which did not belong to them.

Wentz, the new man, made his first appearance, and barring a slight nervousness in the early part of the game did excellently. At the bat he hit the ball clean and hard, and always on the ground. He made two singles, both of which were productive of runcetties. getting, and although he made several errors at second his general work showed that he will prove a decided sequisition to the team. O'Brien played short and did fairly well, but some of the playing he did would have made the angels weep. Jerry couldn't get over the idea that he was playing the game by himself, and several times went into other men's territory and caused needless fumbles.

Bader was pretty badly hart in the fourth inning and had to retire from the same. One of his fingers was mashed against the bat by a swift in shoot of Fitzgerald's, and it may be some days before the will be able to play.

TO DAY'S GAME. The club returns to its old stamping ground at Capitol Park to day, and will meet the New Haven team. Horner and Phillips will be opposed to each other, and a good game ought to result New Haven is well up towards the head, and playing in excellent form, so that the local team will have to play better ball than it has been doing in order to

pleted for the retention of Capitol Park. provided the initial games prove sails actory from a pecuniary point of view. The change has been very favorably received by the patrons of the game and the attendance will no doubt be larger than it has been at any games at Atlantic Park. The grounds have been put in condition and a number of needed mprovements made. Everybody will e glad to get back to Capitol Park, both players and spectators. The ac-commodations are a great deal better for getting there, the grounds are better and the only regret spectators will have is the lambility to have a seat in Punn's pavilion. The memory of that grand stand will always be a tender reminiscence compared with the ramshackie affair at Capitol Park. The new grounds will come in handy some day, possibly next year, but at the present time it is a white elephant on the hands of the management.

REDIE'S A CHANCE. Von der Ahe, having secured the pick of the Detroit team, has released Catcher Kane, Second Baseman Herr and Third Baseman Sweeny. It is also believed that Gettinger and Roseman will be teleased. Washington could secure Sweeny very easily, and it might be worth their while to give him a trial

SOME EMPIRES NUMBER. The Atlantic Association is in a bad tay for umpires. Kelly, who has been do the work here during the Jersey City gasser, is an awful example of igno-rance. He does not watch the plays, and his judgment on balls and strikes is the worst we have ever had. About the only thing that can be said for him is that he distributes his favors with an equal disregard for the feelings of the nivers and exceptions that would be players and speciators that would be amusing, were it not for the disast results that sometime follow his de-cisions. The Association needs a successor to Kelly, and at once.
